Hope - Children of Ukraine

The 'Christmas Dreams' Initiative

We are preparing a miracle for those who are eagerly waiting for it

We are organizing a celebration for **60** children with disabilities.

The initiative's budget is \$785 (sweet treats + entertainers).

Our goal is to bring warmth and a belief in fairy tales to every child.

Become a secret Santa for our students!

Technologies for the Future

Digital education is accessible to
everyone

- More than **44** laptops and Chromebooks have been distributed to children who needed them the most.
- Inclusive groups have been launched, where children with disabilities study 'Everyday Physics' with volunteers from Canada.

Psychological resilience

War leaves a mark, but we help
to overcome it

- Over the year, more than **550** individual psychological consultations were conducted.
- In total, hundreds of hours of support were provided by our professional psychologists over the year.
- Workshops on children's rights and adaptation after relocation were held.

New formats: Marathons and Udemy

We implement innovations:

- A course with Ambassador Scott Fox has been recorded for the Udemy platform. We are developing free English and Ukrainian language marathons to attract new students.

Making education interesting and modern

Learn.Ukrainian

Learn Ukrainian: Business for Charity

Our language learning project
for foreigners is growing:

100% The profit is allocated to the statutory
activities of the fund.

We are preparing to launch an offline course at the
Ivano-Frankivsk Medical University.

Hope Shop

Hope Shop + Maikoff: Merchandise with soul

We are scaling up our
Hope Shop!

- A partnership with Maikoff.ua has been launched - now our merch with student illustrations (like the design by Taisia Salenko) will be available on a major platform.
- A marketing strategy has been developed to attract new donors through store purchases.
